
Meeting Report

Date: 2026-05-15

Speakers: Adam, Asil, Unknown

1. Context

The meeting appears to be a project review and planning session, where team members discuss their tasks, deadlines, and responsibilities. The project involves designing a website, preparing a marketing campaign, and presenting to a client. The meeting objective is to ensure all tasks are on track and completed before the client presentation.

2. Key points

- The team is working on a project with multiple components, including website design, marketing campaign, and client presentation.
- Social media advertising will be a key focus area.
- All website testing must be completed before Thursday afternoon.
- The client presentation is scheduled for Monday at 10am.

3. Decisions

- The team will focus more on social media advertising.
- All website testing must be finished before Thursday afternoon.
- The client presentation will take place on Monday at 10am.
